Seniors,
Sometime this summer your Bristol Google account will be suspended meaning you will no longer have access to your account.

You should move any files you want to keep to either a thumb drive or moved to your personal Google account.

Every year I hear from students who didn't do this requesting access to their school account. Don't be that student!

I’ve sent you an email with a tutorial instructing you how to do this.

If you need assistance stop by the library.
